

Somero[®] is proud to introduce our latest innovation -
the Somero[®] S-PS50 Laser Screed[®] Machine.

A 50' Boom - We've Got Your Panels Covered

Somero's latest innovation tackles the demands of tilt-up panel casting and applies the **FASTER.FLATTER.FEWER™** benefits that come with our patented Laser Screed[®] Technologies.

Remote Controlled Plow Wings - Reduces Overflow & Waste

Float-mode – Precise Edges with Less Labor
